

Color Guard™

SUPPORTS KIDNEY CLEARANCE*

HIGHLIGHTS

Assists with persister mycotoxins such as Ochratoxin, Zearalenone, and Citrinin.

Rich in specific flavonoids which support antioxidant pathways and act on the expression of inflammation.

Includes both water and fat-soluble bioflavonoids for a broad array of protection.

RECOMMENDED USE

Take two capsules per day with meals, or as directed by your healthcare practitioner.

BENEFITS*

Supports the efficient removal of toxins by supporting the kidney's natural detoxification capabilities, which otherwise sustain damage from mycotoxins.

Designed to support vascular health, especially in areas most affected by mold, such as the macula of the eye and the endocalyx.

Tocotrienols play a preventive role in the histopathological changes seen with mast cell recruitment.

Flavonoids modulate the expression and activation of cytokines to promote a healthy genetic expression of inflammation.

Supplement Facts

Serving Size 2 capsules
Servings Per Container 30
